Call for Sponsors

SwissText is a one-day conference on automatic text analytics, which takes place June 8, 2016 in Winterthur. We invite practitioners, analysts, end users, software vendors, researchers and data scientists to join SwissText and share their expertise and experience with the audience.

SwissText will bring together practitioners and researchers, to give an overview of existing solutions and technologies, and to come up with ideas for new and innovative projects using automatic text understanding. Topics of interest include, but are not limited to:

- Evaluation of Social Media
- Semantic Analysis
- Named Entity Recognition
- Applications of Word Embeddings
- Machine Translation
- Deep Learning
